to A. A. Chisholm, of Treadwell, N. Y., now. His reason is well worth reading: "For a long time I suffered from indigestion, torpid liver, constipation, nervousness, and general debility," he writes. "I couldn't sleep, had no appetite, nor ambition, grew weaker every day in spite of all medical treatment. Then used Electric Bitters. Twelve bottles restored all my old-time health and vigor. Now I can attend to business every day. It's a wonderful medicine." Infalible for Stomach, Liver, Kidneys, Blood and Nerves. 50c. at all druggists.

The song service at the DeSoto House was well attended Sunday evening. It was the farewell services of the season. The singing was good, as was also the selections by Miss Pursell and Miss Lynch.

Our school will close sometime in May. We have come to be proud of our school and school house as one of the prettiest, best kept and furnished in the county.

Without Mrs. Johnson DeLeon would be very dull indeed, but as it is every child that has a musical instrument can play, and there is always music in DeLeon.

## DEATH OF MRS. L. M. COULTER.

Mrs. Lavinia McCabe Coulter, aged 84 years, one of the oldest and most prominent residents of Carnegie, died Friday night, March 26, at Washington, D. C., where she had been visiting with her son, Richard D. Coulter. She had been sick for some time, but her illness was not considered serious. Mrs. Coulter was born in Carnegie and was the daughter of the late Col. J. E. McCabe, one of the pioneer settlers of Carnegie. In 1845 she was married to Dr. Coulter, who, after living in Pittsburg for a number of years, moved to Ohio on account of his health, where he died. On account of her youngest son's health, Mrs. Coulter moved to Florida, where she and her son, James E. Coulter, managed an orange grove for many years. After the death of her son James she returned north and with her eldest son Richard D. Coulter, spent most of her time traveling. She and her son were well known at the health resorts throughout the country. She was an active member of the Second Presbyterian church at Pittsburg and had always taken a special interest in the different societies and charitable associations connected with the church. She is survived by her son, Richard D. and one sister, Mrs. I. Anderson, of Ohio, who is 91 years old. (Taken from the Pittsburgh Gazette Times.) Mrs. Coulter will be very well remembered here, as she and her two sons were early settlers of Orange City, coming here from Sanford, where they owned a large orange grove. Professionally, Richard was a lawyer and Ed as he was familiarly called, was a dentist, but in that early day there was not much business in his line here, so he engaged in general merchandise. He ran a store here until his death. Mrs. Coulter and son Richard spent last winter here, going to Washington, D. C., last June, where she passed away.

The East Coast railroad changes time today, April 7. Trains now leave for New Smyrna at 12:30 and 5:30 p. m.; arrive from New Smyrna, 11:50 a. m., and 4:25 p. m.

The ladies of the Congregational church got up a reception in honor of Mr. and Mrs. Lane and son Clarence, and held it at Dr. Conway's residence Monday evening. About seventy people were there. A very interesting program was carried out, consisting of music by Mr. Metz on a violin that was made expressly for Dr. Conway from the wood of a church that the Dr. had been pastor of, and recitations by Miss Smith and Mrs. Joseph Clark. Dr. Conway was master of ceremonies and he took occasion to

thank Mrs. Rice, of Caribou, Maine, for the part she had taken in building the fence around the lot on which the parsonage stands, to save the same from the ravages of cattle that are allowed to run the streets of Orange City seeking whom add what they may eat up. Mrs. Rice was the instigator of the movement and the doctor feels that it might have been a long time before the fence would have been built only for the interest Mrs. Rice took in the matter. There were refreshments served consisting of ice cream and cake, which was very nice. We all had a very enjoyable evening.

Mr. Winters came into town this morning with a 1/4 foot diamond back rattle snake, with twelve rattles and a button, which Rev. Mr. Ketchum and he had killed north of town.

Miss Mabel Colbin, of Minneapolis, Minn., who has been visiting her friends, Mrs. Walden and Mrs. Nellie Palmer since Saturday, left Wednesday morning for her home.

Mr. and Mrs. Lane and son Clarence left here Tuesday morning by way of St. Johns river for their home in Kent, Conn. They have spent the last two years here and have made a good many friends who regret exceedingly to see them leave here. They will be missed in a good many places, especially in the Congregational church choir. Although they were Episcopalians they have been faithful to the Congregational choir when they had no service in their choir, and we all feel like giving them a vote of thanks and saying to them "We will miss you at home, we will miss you."

Mr. Culp and family, of Ohio, who have spent the winter at Coronado Beach, came over here Tuesday and a friend with them, Mr. Sheehan. They are in Mr. Hickey's house. Mr. Hickey seems very fortunate in renting that house, as soon as one goes another comes. Good for Hickey.

Mr. D. E. Lyon last Thursday shipped two hundred and thirty crates of fine celery.

Tuesday evening the young folks had a purloin on the river shore.

Mrs. Doctor Wickam was hostess of the card party last Tuesday.

history of truck farming in this community. About four years ago N. R. Roberts cleaned up a piece of flatwoods land adjacent to this town, and raised all kinds of vegetables, proving last year that celery would grow as well here as in Sanford. He sold out to our young townsman, Mr. Claude Pelton, who, with his brother-in-law, Geo. Race, put in about an acre and a half of celery and a mixed crop of other vegetables. Early in the season they shipped large quantities of lettuce and have kept the stores supplied with carrots, young onions, cabbage, etc. Great praise is due Mr. Pelton, who has carried the heavy responsibility under the most severe strain of work, worry and expense, while he has nobly filled his position in his father's store, always calm, courteous and obliging.

It was a pleasure to his hosts of friends to see the heavily loaded wagons passing all day, until the three hundred crates were all in the car. Messrs. Pelton & Race estimate that there are two more carloads still to be shipped, and everyone hopes that the returns will be satisfactory.

Now that it is known that celery can be raised here as easily as in Sanford or Daytona, we may hope some day to hear this place spoken of as "Lake Helen, the Celery City."

## APRIL SESSION OF SCHOOL BOARD.

At the regular meeting of the School Board, very little business of general interest was transacted.

Commissioner Woolwine recommended that the Flowers school house be moved to a more central location in the community, but definite action was deferred until the next regular meeting.

Wherever practicable, it is recommended that all sub-district schools be run the full eight months.

Attorney Fish was instructed to publish due notices of elections in the following special tax districts:

- No. 2—Barberville
- No. 7—Port Orange
- No. 11—Enterprise
- No. 12—DeLand
- No. 13—Orange City
- No. 18—Osteen
- No. 23—Ormond
- No. 27—Emporia
- No. 30—Pierson

After transacting the regular routine business, the Board adjourned to meet May 3.

## Nervous Collapse

"I have traveled for thirty years continually. I lost a great deal of sleep, which together with constant worry left me in such a nervous state that finally, after having two collapses of nervous prostration, I was obliged to give up traveling altogether. I doctored continually but with no relief. Dr. Miles' Nervine came to my rescue—I cannot describe the suffering which this Nervine saved me. Whenever I am particularly nervous a few doses relieve me." A. G. C. LIBBY, Wells, Me.

There are many nervous wrecks. There is nervous prostration of the stomach, of the bowels, and other organs. The brain, the kidneys, the liver, the nerve centers are all exhausted. There is but one thing to do—build up the nervous system by the use of Dr. Miles' Restorative Nervine. Its strengthening influence upon the nervous system restores normal action to the organs, and when they all work in harmony, health is assured. Get a bottle from your druggist. Take it all according to directions, and if it does not benefit he will return your money.

## Not a Drop of Alcohol

What is a "tonic"? A medicine that increases the strength or tone of the whole system. What is an "alterative"? A medicine that alters or changes unhealthy action to healthy action. Name the best "tonic and alterative"? Ayer's Sarsaparilla, the only Sarsaparilla entirely free from alcohol. Ask your own doctor all about it. Never take a medicine doctors cannot endorse. J.C. Ayer Co., Lowell, Mass.

Without daily action of the bowels poisonous products must be absorbed. Then you have impure blood, biliousness, headache. Ask your doctor about Ayer's Pills for constipation.
